### Improvements to your road

Dear Resident,

We are pleased to inform you that we will be improving the road surface on **Saxondale Drive, Upper Saxondale** as part of our ongoing investment in Nottinghamshire's roads.

Via East Midlands will be carrying out the works on **27/02/2023** until **03/02/2023**, which consist of patch resurfacing to provide a high-quality permanent road repair.

To help us carry out these works, we need you to ensure that your vehicles are parked completely off the road for the day(s) the works are taking place.

To keep members of the public and our workforce safe, the road will be closed for the duration of the works. This will be implemented during working hours only, making sure emergency access is maintained at all times.

During the works, we will do what we can to maintain vehicular access to your property, but it will be limited. You may need to wait for a short period of time and are likely to be required to travel in a particular direction. Please talk to the team working on-site who will provide assistance and direction. You may wish to consider parking outside the area of the works whilst they are in progress. Pedestrian access will be available at all times.

If you have any special circumstances that we need to know about such as disabled access, health visits etc., we encourage you to contact us in advance and we will do our best to accommodate your needs.

### We want to hear your feedback about this scheme

We are working hard to improve roads and pavements in Nottinghamshire for you.

Your feedback is extremely valuable to help us to continue to improve. We would like to ask you to give us your views through a short survey once the works are complete.

Inevitably these works will generate some noise and disruption, but we appreciate your patience and hope you understand every effort will be made to keep this to a minimum.

Whilst we do all we can to adhere to our programme, this work may be delayed at late notice in the event of severe weather or unforeseen circumstances. In this case, we will inform you of the rescheduled date as soon as possible.

Yours faithfully,

Gillian Smith  
Operational Hub Assisstant
